

40th COVID-19 Protocol

COVID-19: Those in attendance will be expected to follow all [local](#), state, federal, and agency guidelines for masking, social distancing, and vaccination/testing status that are in effect on September 25, 2021. We require all event attendees to provide proof of vaccination in order to enter the event*.

Provide Proof of Vaccination

Prior to arrival or on entry to the building all event attendees must show proof of vaccination:

- Prior to event
 - Email an image of your vaccination card to info@stonewallcolumbus.org
 - Subject: 40th Proof of Vaccination for [include guest name]
 - One email per guest; per vaccination card
- Evening of event
 - Bring a physical copy or an image on your mobile device to show at check-in
 - Other verified forms of documentation may be considered for entry

EVENT ATTENDEES WILL NOT BE ALLOWED ENTRY TO THE EVENT WITHOUT PROOF OF COVID-19 VACCINATION

Event attendees include:

- Service/Vendor Partners
- Entertainers
- Volunteers
- Guests
- Staff/Board

As this is a private event with registered and ticketed guests' masks are not required by local Executive Order but the Stonewall organization will strongly encourage mask use when in spaces indoors where airflow may appear reduced; masks will be provided for event attendees at the event who do not have them.

If an event attendee is feeling ill in the days leading up to September 25th we encourage rest, if signs seem to align with the [flu](#) or [COVID](#) we encourage a visit to a healthcare professional and consideration of a COVID test. If the event attendee is feeling ill within 48 hours of September 25th, we strongly request that they do not attend the event.

**Medical and religious exemptions to masks wearing will be respected—COVID vaccination still required.*
